FEATURED STUDY

How to Hear God: A Simple Guide for Normal People (by Pete Greig)

Description: Nothing could possibly matter more than learning to discern the authentic voice of God, but few things in life are more susceptible to delusion, deception, and downright abuse. When life falls apart and we need God's comfort; in moments of cultural turmoil when we need his clarity; facing formidable decisions when we need his guidance; desiring a deeper faith when we need God to say something, anything, to turn the monologue we call prayer into a genuine conversation. This study will give an aspect of wisdom and guidance in exploring universal Christian experience--How to Hear God; understanding of God's "still, small voice" within from a biblical perspective.

Schedule: This is an 8-week study held on Sundays at 8:30 a.m. beginning January 28, 2024. This study will be available in person and via Zoom.

Host: Prayer Ministry. Contact Dr. Kydia McCoy at kydiamccoy@gmail.com for more information.
