## Group Questions

1. Why do you think people can attend church regularly and still feel spiritually lonely? What does [Acts 2](#) reveal that might be missing in those experiences?
2. [Acts 2:42](#) says the early believers “devoted themselves.” Which of the four practices (teaching, fellowship, breaking bread, prayer) feels strongest in your life right now—and which feels weakest?
3. The sermon described community as covenantal, not casual. What’s the difference between casual connection and true Christian community?
4. Verse 43 says “awe came upon every soul.” What do you think causes awe to emerge in a church, and how does shared life contribute to it?
5. The early church shared possessions and met needs voluntarily. How does the gospel reshape the way we think about our time, resources, and priorities?
6. Why is generosity—financial or otherwise—such a clear indicator of genuine community? What forms of generosity does our culture tend to overlook?
7. [Acts 2](#) describes both large gatherings and small, home-based rhythms. Why do you think both are necessary for spiritual health and joy?
8. The sermon said, “Church is not an event you attend—it’s a people you belong to.” How does that statement challenge common assumptions about church life?
9. [Acts 2:47](#) shows that God added to their number daily. How does visible love within the church create a compelling witness to outsiders?
10. What is one intentional step you can take this week to live more fully into gospel-centered community? (Examples: sharing a meal, praying with someone, opening your home, asking for help, inviting someone in.)
