

WALLS AND WELLS

Nehemiah's Journey of Restoration

WEEK 2

Honest Assessment + Shared Vision

September 20 · Nehemiah 2:11–20; 3:1–32

Discipleship questions for table groups, huddles, or one-on-one conversations.

- 1** Nehemiah inspected the rubble quietly, alone, before he said a word to anyone. What's one area of your life you've been avoiding an honest look at?
- 2** Where have you caught yourself saying “they should...” about something in your church or family, when it was really a “we should”?
- 3** Nehemiah's vision speech combined honest trouble, God's track record, and a concrete invitation. If you cast vision that way for one area of your own life, what would you say?
- 4** Everyone in chapter 3 had a section — even people whose trade seemed unrelated to construction. What's your section of the wall right now, and are you actually working it or standing at the edge?
- 5** Some in the story carried a double load while others opted out. Be honest: which one are you right now — and what needs to change this week?
