WEEK 1

The Holy Spirit in Scripture

October 25 · John 14:15–17

Discipleship questions for table groups, huddles, or one-on-one conversations.

1. Growing up, what did you picture the Holy Spirit as — a force, an energy, a person, or something you never really thought much about?

2. Jesus calls the Spirit “another Advocate” — someone who moves in with you, like a friend, not power you plug into. Does that change how you think about your relationship with Him?

3. If the Spirit can be known, loved, grieved, and followed — not just used — what would it look like this week to actually relate to Him as a person rather than a resource?

4. Where in your life have you been asking “how do I get more of the Spirit” when the better question is “how can He get more of me”?

5. Be honest: if the Holy Spirit were removed from your week — your habits, decisions, conversations — would anything actually look different? What does your answer reveal?
