Verse 1

Thank you for your grace that made a way for me
You've called me out by name
Consecrated me
So I can't help but praise He who created me
I will sing forever

Verse 2

Thank you for Your life given on Calvary
Your body that was broken
Blood poured out for me
Now my life is not my own I give to you freely
It is Yours forever

Chorus

Mighty One
You have overcome
You've defeated death
And You've conquered the grave

And it's by Your blood
That we overcome
So we will give You praise

Verse 3

Thank you for Your Spirit you have bound to me
Now my body is Your temple and You dwell in me
The fire of Your glory is refining me
Burn in me forever

Bridge

There's no one like you Lord
No one more powerful
There is no name above Your Name

You're seated on the throne
And You'll reign forevermore
There is no name above Your Name

Verse 4

Thank you for the place that you've prepared for me
Where the streets are paved with gold
Filled with your majesty
A mansion up in Glory, there You wait for me
And we will live forever
