Everything Is different now

Since Jesus walked out of the grave...nothing in my life has to stay buried.

Easter is not just a moment we celebrate... it's a reality we live from.

Because Jesus is risen... everything is different now

- Your past doesn't have to define you
- Your pain doesn't get the final word
- Your purpose is not finished

NOTES: _____

1. A Broken Heart

John 20:1-7, 11-13

- The resurrection changes my pain
- Before the resurrection changes everything... it meets us in the places where it feels like nothing will change.

2. A personal encounter

John 20:14-16

- The resurrection changes my perspective
- The Resurrection is not just an event — it is personal.

NOTES: _____

3. A New Assignment

John 20:17-18

- The resurrection changes my purpose
- Our story doesn't end at the tomb—it begins there.
- The tomb is empty, so my life doesn't have to be.
