The Process of How the Bible Came to Be

1. The term used for God communicating to us is _____ (Hebrews 1:1; Galatians 1:12; Ephesians 3:3; 1 Cor. 2:9-10).

God communicated His thoughts to the minds of the human authors of Scripture, so the Bible is God’s revelation of Himself to us.

2. The term used for the process of the authors writing down the thoughts of God into words – which we call The Bible – is _____ (2 Timothy 3:16-17; 2 Peter 1:20-21).

Inspiration = God breathed; God through the Holy Spirit enabled the human authors to receive His revelation and to speak it or write it without error in their own language and style, as the very words of God. Biblical inspiration is both *plenary* – meaning every part of the original copies of the 66 books of the Bible is the product of divine inspiration to an equal degree, and *verbal* – meaning that divine inspiration extended to every word of the Scriptures and to its grammatical form (Galatians 3:16).
