### Go Deeper:

1. Why do you think God told His people to be strong and work on the new temple?
2. How do you think the remnant of those working on the new temple felt to be challenged to continue construction on the new temple?
3. How are you encouraged to know that God consistently reminds His people that He is with them?
4. In what circumstances or situations do you feel Jesus has personally brought you peace?
5. God said the new temple would be better than the old temple. Do you believe the best days could still be ahead for our church? Why or why not?
6. Are you willing to have a role in helping rebuild our church? In what ways?
7. Read each verse listed above and pick one verse and apply SOAP (Scripture, Observation, Application, Prayer).
