### Go Deeper:

1. Paul said that God works for the good of those who love Him. Do you believe this? Why or why not?
2. If nothing you do will make God stop loving you, why do you think more people don't flock to God as a result?
3. How do you think Christians give Christ a bad name?
4. In what circumstances have you given Christ a bad name?
5. How might remembering that we serve the same God help create alignment amongst Christians in such a divided world?
6. Read each verse listed above and pick one verse and apply SOAP (Scripture, Observation, Application, Prayer).
