Go Deeper:

1. What 2 decisions resulted in King Hezekiah becoming successful in all he did?
2. Why do you think King Manasseh turned against the godly ways he had been taught by his father?
(Hint: Keep in mind King Manasseh was only 12 when his father died.)
3. Why do you think the 2 generations of leaders who followed King Manasseh still continued to do evil?
4. If God told you there was a better way to do something in your life, why would you be tempted to continue doing things the wrong way even though you know there's a better way?
5. What area of your life do you know there's a better way based on what the Bible has to say? What is the decision you know you should make?
6. Read each verse listed above and pick one verse and apply SOAP (Scripture, Observation, Application, Prayer).
