Discussion Questions

1. How healthy is your faith/doctrine? Is it a healthy diet of the Word, of teaching, prayer, confession, and other spiritual disciplines? We need to be responsible for ourselves on this! How would you rate yourself on this from a scale of 1 to 10?
2. Have you submitted yourself to the discipling and mentoring of older men and women in order for you to grow in godliness? Why not? What are you waiting for? You need to initiate this for greater growth!
3. For those of you who are older in the faith, are you seeking to mentor and disciple younger men & women in the faith? Or older married couples, have you taken some of the younger married or newly married couples under your wing? What are you waiting for? They need you now!
