You were created by a passionate God who relentlessly pursued you to bring you into His family!

### Pray:

One of the ways we communicate with God is through prayer. As its core, prayer is simply talking to God- telling Him what's on your heart and actively listening for His response.

If you need help getting started, here's a five point prayer for guidance:

- Greet God: How you address God depends on what you want to talk with Him about. He functions in a limitless capacity: Father, Daddy, Friend, Almighty, Savior, and Redeemer.
- Tell Him what you're thankful for.
- Tell Him what you're concerned about.
- Ask Him to help you understand the elements of your Bible study time.
- Take time to listen for His response.
