THE HISTORY OF THE GARDEN

OCTOBER 2002

Steve and Kelly Burt began a Bible Study with close friends, approximately 10 couples, in their home located at the nursery in Bermuda Dunes, then known as Steven Burt and Associates.

FEBRUARY 2004

Outgrowing their home, they began meeting in the maintenance shop at the nursery. It was then that Steve Burt acknowledged God's call for him to start a church on the property.

MAY 2004

In answer to God's call, Steve Burt added a tent and created an amphitheater (modeled after Applegate Christian Fellowship in Oregon, John Courson's church), to accommodate the continuing growth. The new church met outdoors as often as the weather would permit.

OCTOBER 2012

As the church and ministry outgrew the ever-expanding tent, several options were explored. After much prayer, The Garden Fellowship began leasing the building on Country Club Drive. At that time, our lease included 4,850 square feet. We incrementally leased more space. When we left that building, our lease included 17,434 square feet.

FEBRUARY 2014

The Garden Fellowship purchased the 18.5 acre parcel on Youngs Way, which is now Jefferson Street, in Indio. This property was previously owned by the Youngs, who were the associates of Steven Burt and Associates.

AUGUST 2015

Pastor Jason Duff and his family answered God's call and moved here from San Diego, CA. We have been blessed by Jason, Christy and their wonderful children, Haley, Jonathan and Aleah.

JANUARY 2020

Groundbreaking Ceremony – As we came together to dedicate the land to the Lord, we heard from Pastor Jason Duff about the vision that God gave Steve Burt to **start** this church and the vision that God gave Pastor Jason to **lead** this church. We also heard from a few elders about the vision that God gave them to **grow** this church.
