

“GO DEEPER” QUESTIONS

EVERY DAY MATTERS – DEVOTED CHILD

10/25/26

- What's something you've become passionate about simply because you started paying more attention to it? How did your growing interest change the way you talked about it or engaged with it?
- Read Philippians 3:7-11.
Paul describes knowing Jesus as infinitely more valuable than anything else he had accomplished. What do you think Paul discovered about Jesus that caused such a dramatic shift in his priorities? What competes with knowing Jesus for that place of greatest value in your life?
- The message suggests that our relationship with God is a gift to enjoy, not a debt to repay. Why do you think we so easily slip into trying to earn God's approval? How might our relationship with God change if we truly embraced His love as a gift rather than an obligation?
- The message describes a progression: Attention → Discovery → Delight → Celebration. How have you experienced this progression in your relationship with God? What tends to distract you from paying attention to Him, and what helps you recognize His activity in your everyday life?
- The message introduced eight spiritual practices: Celebration, Slowing, Prayer, Servanthood, Confession, Receiving Guidance from the Holy Spirit, Secrecy, and Reflection on Scripture. Which of these practices would most challenge your normal way of living right now, and why? What would it look like to intentionally practice it this week?

Key Verse: Philippians 4:4, 4 Rejoice in the Lord always. I will say it again: Rejoice!
