“A People of Truth”

Deuteronomy 5:20

Dr. Scott Redd

1. The Reality of Truth

2. The Denial of Truth

3. The Incarnate Truth

DISCUSSION QUESTIONS:

1. Why is truthfulness essential to the character of God and to the life of those who bear His image? How does knowing that God is true shape the way Christians speak and live?
2. In what ways can we violate the Ninth Commandment besides simply telling an outright lie? Consider exaggeration, gossip, withholding important truth, misleading impressions, flattery, and misrepresenting another person.
3. Why is lying so destructive to relationships and communities? What happens to marriages, friendships, churches, workplaces, and societies when trust in one another begins to disappear?
4. How does the gospel produce people who are committed to truth? How should Christ's grace free us both to confess the truth about ourselves and to "speak the truth in love" to others (Eph. 4:15, 25)?
