“Why Plant a Church?”

Matthew 28:19-20

Pastor Stephen King

1. Church planting is the necessary application of the Great Commission.

- Evangelism, Enfolding, Equipping, Exalting
- Gospel multiplication pattern: Gospel Proclamation -> Conversions & Baptisms -> Churches Planted

2. Church planting is one of the most effective ways to reach the de-churched, un-churched, and non-Christian.

- Passion
- Imagination and Innovation
- Necessity
- Comfort for the non-Christian

3. Church planting blesses sending churches.

- A giving church is a living church.
- Church plants contribute back to the mission.
