

# **THE FALL OF THE WEST**

## **PART XVII – WORKING THE PLAN**

Sometimes, to understand what we are facing we have to go outside our usual boundaries of understanding. The world has talked about and framed the whole COVID-19 deal as a medical issue. But if we are to really understand it – it is a means to an end. It is a “Global financial operation.” It was a means of engineering a planned economic collapse. Writing in the Off Guardian, Michael Bryant describes it as “the biggest worldwide organized crime since WW2. The scale of the deception is too large for even many who consider themselves ‘in the know’ to accept or comprehend.” The bottom line is this. The Global Elite “have run up massive unpayable debts and deficits.” Ask any truthful economist or banker and they’ll tell you the system is on the verge of imploding. It is inevitable.

Beginning in the Fall of 2019 there was a dramatic decrease in industrial production. The Global Elite had to do something to hide their culpability – and well, COVID-19, turned into a golden opportunity to re-order the world and accumulate resources at the cost of small business and the middle class. The operation that followed would see “the largest upward transfer of wealth in human history.” They used COVID to justify the establishment of the Bio-Security State and the installation of AI surveillance. It normalized tracking by Big Tech of all of our online footprints. And for the most part, the world acquiesced in this digital slavery. When one manufactures a pandemic, there are numerous opportunities to reap in huge financial benefits. The Public Health Industry saw its’ power expand. The Pharmaceutical Industry broke new ground with the mRNA vaccines – that of course, did not work – and – were not ‘safe & effective.’ But the public hardly noticed and now more are on the way – for the next plandemic which they have practiced for in an exercise conducted in Belgium. Next comes the normalizing and expansion of “the use of digital IDs, including vaccine passports, connecting these to a Central Bank Digital Currency (CBDC); a Universal Basic Income (UBI) scrip, allowing for the tracking of purchases; medical interventions, ‘lifestyle choices’, etc.” They are moving us toward the behaviors they want us to have. All of this is moving us steadily toward the 2030 Agenda.<sup>1</sup> And all the while it just looks like a ‘common sense’ response to a novel virus – which by the way, Fauci admitted to creating in a laboratory.

So, bottom line, this is all about the destruction of the current world order. You can’t have a New World Order until the current one is destroyed. That’s why we see the Open Border with millions of illegals streaming in. They bring with them fentanyl and disease and terror cell groups and many who would not assimilate well and be dependent on the system. How long can the American public support that? Referencing the Elite, Alex Newman says, “What they are going to be doing over the coming year is massive numbers of crises and expanding and accelerating existing crises. They will be fomenting new crises such as food crises, immigration crises, border crises, currency crises and terrorism crises. You name it because that is what they do. The U.N. is standing by to provide ‘solutions’ to this. The World Health Organization is working on digital IDs and vaccine passports to deal with the health crises. The Bank for International Settlements (BIS) is working on the Central Bank Digital Currency (CBDC) to deal with the currency crises. The U.N. Food and Agriculture Organization, the FAO, is working on solutions to the food crises that they are unleashing on humanity.” That doesn’t even take in the manufactured energy crisis that is driving up energy prices by nearly 50% in the last year-over-year....with the likelihood that inflation will continue to soar, fed by the new Biden taxes. “They are starting . . . a ‘new energy order’ to take control and limit our energy use.” And so much of this is being done to hide the fact that the world is awakening to the mass genocide being worked through the vaccines.<sup>2</sup>

You have to understand that this is being worked in pedestrian everyday ways – through politics and budgets – hidden away in legislation. Recently, Democrats and 18 Republicans came together to pass an Omnibus Spending Bill totaling \$1.7 trillion dollars. Here is some of what was hidden away in the 4,155 page bill. “Border security: for Egypt, Lebanon, Tunisia and Oman. But wait...isn’t there a serious national crisis — indeed an invasion — of our own southern border?” \$500 million for “reproductive health and family planning.” Of course, “this is simply code for more human depopulation, through abortion, post-birth abortion and more jabs — because too many humans are threatening endangered species of animals and causing ‘climate change.’ \$1.2 million for “LGBTQIA+ Pride Centers”. \$1.2 million went to support services for DACA recipients (illegal aliens) at San Diego Community College. \$477,000 has been earmarked for the Equity Institute in Rhode Island to indoctrinate teachers with “antiracism virtual labs.” A cool million went to Zora’s House in Ohio, which is a special space for “women and gender-expansive people of color. \$3 million will fund the American LGBTQ+ Museum in New York City....\$750,000 for ‘LGBT and Gender Non-Conforming Housing in Albany, New York.’ And it goes on.

When everything looks completely whacked we’ve got to realize this is NOT A MATERIAL FIGHT! This is Good vs Evil. We are engaged in a spiritual fight and need to fight it with spiritual tools. *“For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places. Therefore take up the whole armor of God, that you may be able to withstand in the evil day, and having done all, to stand.”* (Ephesians 6:12-13)
