

UPDATE 12.25.2022

THE BEGINNING IS ABOUT THE END – John’s Gospel begins with these words. *“In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were made through Him, and without Him nothing was made that was made. In Him was life, and the life was the light of men. And the light shines in the darkness, and the darkness did not comprehend it.”* (John 1:1-5) Other gospels tell the story of Christ’s birth, or His genealogy. But John’s goes back much farther, right to the beginning – when all that was created was spoken into being. Christmas is a special time when we celebrate the coming of the Creator to His creation. Look what the Word says about that. *“He was in the world, and the world was made through Him, and the world did not know Him. He came to His own, and His own did not receive Him.”* (John 1:10-11) But still He came and with the purpose of sharing God’s love for mankind through His offer of salvation. *“But as many as received Him, to them He gave the right to become children of God, to those who believe in His name: who were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God. And the Word became flesh and dwelt among us, and we beheld His glory, the glory as of the only begotten of the Father, full of grace and truth.”* (John 1:12-14) You can feel the excitement in John’s words. He was celebrating that he got to know this Man that was God in the flesh.

Yes, it was a baby that was born in Bethlehem, but there was so much more to it. This was the King of the Universe come. The Prophet Isaiah gives us words that point to the importance of His position. Isaiah 9:6-7 tell of the establishment of this Great Kingdom where justice will reign. *“For unto us a Child is born, Unto us a Son is given; And the government will be upon His shoulder. And His name will be called Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace. Of the increase of His government and peace There will be no end, Upon the throne of David and over His kingdom, To order it and establish it with judgment and justice From that time forward, even forever. The zeal of the Lord of hosts will perform this.”*

The purpose of Christmas was the Cross. The purpose of the Cross was the Resurrection. The purpose of the Resurrection was victory over sin which resulted in our salvation. The purpose of our salvation was to raise a people, a Church, that would serve as the Bride of Christ and rule and reign with Him forever. Jesus is coming back for His own. And He will be coming back in glory and power. Jesus said, *“I say to you, hereafter you will see the Son of Man sitting at the right hand of the Power, and coming on the clouds of heaven.”*

(Matthew 26:64) Christmas is wonderful to celebrate. But never forget: The Beginning is about the End!

MASSIVE DEEP STATE VOTER FRAUD – Through Twitter and other sources we are now finding out about the incredible amount of cheating that went on in our last 2 national elections. Jack Gleason of Blue State Conservative laid out a much more detailed case than I can do here. I’ll just give you some quotes. [Here’s the link.](#)

“The corruption involves both political parties. Big Tech manipulates search engine results, and takes down ‘dangerous’ websites. With the Elon Musk revelations, we now see that our own FBI is working actively with Twitter to censor conservatives and silence dissenting speech. It’s next to certain that Twitter wasn’t the only Social Media Giant the FBI was giving orders to. And the mainstream media is all-in on ridiculing, dismissing or attacking people willing to speak out.”

“One county in Arizona noted “42,000 changes to the election rolls within weeks of the election – most were illegal. 21,000 new voters added to the election rolls, within 29 days of the election – almost every one is illegal. 8,000 voters appear to live in a business – each one would be illegal. 1,951 people received ballots at

one address, and then voted from a different address – every one is illegal. The Republican candidate – with an 11-point lead in the polls – lost by around 21,000 votes to a woman who was afraid to debate her!”

“Another method is to change or delete box numbers for apartment buildings or college campuses. Again, when they come back as undeliverable, they can be snapped up to be saved up for election day. If it looks like your candidate is losing by 2,000 votes, just fill in 2,500 and voila, victory! The addresses in the voter rolls need only be changed for a single day so the ballots can go to the wrong addresses and the data is changed back. ‘In a real-life example, this month, we found a county that changed 31,500 zip codes, yet the voter remained at the same address.’”

“Dr Shiva Ayyadurai, MIT PhD, explains the issues affecting voting system accuracy and exposes a “Weighted Race Feature” in the actual user manual for ‘Global Election Systems’ software that allows system operators to change votes by any percentage for any candidate – i.e. by 200% or by 50%. This ‘feature’ is present in almost all voting systems and is seen as early as 2001. In one case his team analyzed early voting and election day voting in four counties in the 2020 Michigan election. They concluded that in three major counties, Trump’s votes were decreased by at least 69,000 and Biden’s votes were increased by 69,000 using a computer algorithm within the voting machine software.”

Then you’ve got the dead and out-of-state voters. One technique: “or a deceased voter who is listed as alive, then votes, then goes back to being deceased the next day. What if a single house with one bathroom has 35 people listed as living there? ‘One team in Wisconsin challenged almost 400,000 alleged phantoms. A Georgia team, in one county, 37,000.’ The one thing in common among the candidates victimized by this level of fraud is not that they are Republicans, but they are MAGA conservatives.”¹

VACCINES: DAMNING DATA – The data is showing that the higher the vaccination rate in a country the more Covid deaths per million. Yemen: 2.6% vaccination rate. Covid death rate 75 deaths per million (d/M). Haiti 2.1% vaccinated. 71 COVID d/M. The UK: 76% vaxxed. 3,175 d/M. The US: 69% vaccinated. 3,290 d/M. “The US and UK have a COVID death rate nearly 50X higher than countries with very little vaccination.”²
