

# THE FALL OF THE WEST

## PART XVI – AN EDIFICE OF LIES

If you've been paying attention to the real news you know that we have been fed a mountain of lies – not just in the last several years – though especially so – but for decades. CIA Director William Casey famously said, “We'll know our disinformation program is complete when everything the American public believes is false.” We reported last week on the many ways that vote counts are manipulated including software that allows system operators to change votes by any percentage for any candidate – i.e. by 200% or by 50%. This ‘feature’ is present in almost all voting systems and is seen as early as 2001. In just 4 Michigan counties, 69,000 votes were subtracted from Trump while the same number was added to Biden's total.

**THE DARP MEMO** - Well, now we have this as reported by Hal Turner. “Below is an image of a memo from the Commandant of the Marine Corps Fellow, DARPA, to the U.S. Inspector General, outlining that the **SARS-CoV-2 is ‘. . . American-made’ -- that its origin documents have been ‘concealed,’ that Masks and mRNA ‘don't work very well’ and that ‘curative’ early treatments, were kept secret.**”<sup>1</sup> Then, factor in reports that the United States is moving its’ unfinished bioweapons research projects out of Ukraine and relocating them to Central Asia and Eastern Europe.<sup>2</sup> The bioweapons lab thing has been called a conspiracy theory by Snopes and the MSM. However, March of 2022, during a Senate hearing, US Under Secretary of State for Political Affairs Victoria Nuland admitted, “Ukraine has biological research facilities, which, in fact, we are now quite concerned Russian troops, Russian forces, may be seeking to gain control of.”<sup>3</sup>

**KAREN KINGSTON: TECHNOLOGY IN THE VACCINES** – Kingston is a former Pfizer biotech analyst who has the documents and the patents that prove the vaccine manufacturers knew that they were essentially creating bioweapons in the form of the vax. In a recent interview she said, “I know people are saying anyone who says there is technology in these shots is a conspiracy theorist or crazy. I just showed you Pfizer says on their website that this is technology. The lipid nanoparticles are technically called biohybrid microrobots. That sounds bad, so they call them lipid nanoparticles to make it not sound so scary. So, there is technology in the CV19 injections.” These cause fast spreading cancers as well as neurological

disease and weakened immune systems.<sup>4</sup> And not content with the COVID-19, Bill Gates & the WHO and & John's Hopkins have gotten together and “conducted another pandemic tabletop exercise in Brussels, Belgium, on October 23, 2022. The phenomenon is dubbed SEERS, Severe Epidemic Enterovirus Respiratory Syndrome 2025.”<sup>5</sup> Haunting similar to the Event 201 run by the same people just months before COVID officially broke out.

**TWITTER FILES: BIG REVEAL** - But the Big Lies have been progressively revealed as the Twitter Files have come out. Elon Musk stated on his podcast: “To be totally frank, almost every conspiracy theory that people had about Twitter turned out to be true. Is there a conspiracy theory about Twitter that didn't turn out to be true?” (He laughed.) “So far, they've all turned out to be true!”<sup>6</sup> It turns out that the FBI, the CIA, the Pentagon and other agencies were all working to suppress information concerning the election of 2020. Journalist Benjamin Carson broke down what we now know into a number of “Crucial Take-Aways.” [Bottom Line: Conspiracy Theorists were right!]

- “History changed because of this.”
- Information regarding Hunter Biden's corruption and laptop “was censored.”
- Debate on Covid lockdowns was censored.
- “Covid-19 convo heavily manipulated”
- Trump was “silenced.”
- Twitter used shadow banning and blacklisting against conservatives.
- The FBI was working with and paying Twitter millions of dollars. They had 80 staff monitoring speech.
- “Free Speech” was controlled by 3 to 4 people.<sup>7</sup>Ru

Elon Musk, again, summed it all up in a Tweet. “\*Every\* social media company is engaged in heavy censorship, with significant involvement of and, at times, explicit direction of the government. Google frequently makes links disappear, for example.”<sup>8</sup>
