## Part 2 - June 12th

### Discussion Questions

1. Share about a time when you have been in a season of waiting.
2. Honestly, why is it so hard to have to wait sometimes?
3. How do you think waiting can cause us to lean more into God?
4. David talks about “how long Lord” meaning he is getting impatient with his circumstances. Share about a time when that has been true for you. What happened on the other side of that?
5. David uses the word “trust” in his Psalm when it comes to waiting, how can you choose to trust Him this week even if your season of waiting continues? What good could come from that compared to choosing not to trust Him?
6. David lands on the truth that the Lord has been good to Him. How can you make/live a playlist in your life this week that reminds you of that?
