

Part 1 - May 15th

Discussion Questions

1. "Uncertainty does not alter our value system, it exposes our value system"
What does this mean to you?
2. Instead of grumbling or arguing, how do you think as a group and local church that we can "shine among them like stars in the sky?" (Phil 2:15)
3. How can your posture, tone, and approach most represent Jesus more than other things? (like a political party?)
4. Paul says he does all things for the sake of the Gospel, meaning that the mission of Jesus is more important than anything else. How does that look in your life right now? How should it look? How can we help each other live with a Jesus mission above other ideological missions?
