

Community Group Questions

Sermon from 12/28/2025 on 1 Corinthians 15

These questions are designed from the sermon to facilitate discussion in your groups, but they are not inspired. If you believe the Holy Spirit is leading your group in a different direction, please follow Him in that.

1. What are the core elements of the gospel, and what makes them "core"?
2. How does remembering Christ is resurrected encourage your belief in Him and prepare your heart for Seek Week in January?
3. Why should we be astonished at Jesus from this chapter specifically? Who could you share this message with, and how could we as a community group join you in prayer for them?
