QUESTIONS

1. People need intervention. Have you needed someone to intervene for you? How have you been changed because you have intervened for someone else?

It is when we are most vulnerable that we experience the fullness of God's grace.

2. People will only be vulnerable with you if you aren't too perfect to be vulnerable yourself. What stops you from being vulnerable?
3. Identify your greatest vulnerability - how does that feel? What do you think people would think about you? How does it feel to think Jesus would respond by calling you daughter/son?
