God Advocates for the Vulnerable (4-7)

God's Patience Won't Last Forever (8-14)

Conclusion

- 1. In what areas of life do you have a harder time taking the side of the vulnerable?*
- 2. Have you ever thought about God's patience as something that can run out, as in this passage? How does this concept reconcile with the gospel?*
- 3. In what ways has God granted you position and power? How will you seek to do justice as a part of the church gathered and the church scattered?*
