*Matthew 2:1-2*

Jesus was a worthy interruption in our world who set us on a different trajectory. In doing so He brought gifts into the world with Him like joy.

The nature of joy:

Joy is not circumstantial.

Joy overwhelms.

How to find joy:

We find joy in who Jesus is and what He has done.

We find joy by looking for it.

If we have been given joy. We should be sources of joy for others.

Three ways to bring joy to others:

Give them Jesus.

Give them your time.

Give them your encouragement.
