

THE NEED FOR THEOLOGY

Acts 18:24-28

Theology is important

We all need theology because:

1. We can get a lot right, but still be missing something.
2. Close might not be close enough

Theology is accessible

Everyone is a theologian

Theology is not reserved for a specific type of person

Theology has a process

Vital to that process is community.

Community must be marked by grace

Theology has a point

The point of theology is Jesus

You can get a lot wrong, and still get Jesus right.
