

Bread or Stone?

Matthew 6:9-13

We should ask God for things often while trusting His answer. (Matthew 6:11)

1. We should ask God for things. (Give us today)

God wants us to ask Him for things.

God is driven by a greater passion for the joy and fulfillment of His children than any earthly parent will ever be.

2. Often (daily)

We should consistently ask God for things.

We should repeatedly ask God for things.

3. Trusting his answer (bread)

What is bread? Something we need.

God will never give us a snake or a stone, even if we ask for them.

How do we know we can trust God's answer? He's provided our ultimate bread.
