## The Work is Finished

*Acts 1:1-11*

Jesus' work in His life, death, resurrection, and ascension has accomplished a lot for us.

Jesus' work:

Has made it possible for us to be with God.

As fully God and fully man, Jesus ascending to heaven shows us that humans can dwell in God's presence

We will be welcomed into God's presence by a human hand.

Is finished.

There is nothing left to do for our salvation.

This means our ability to enter God's presence is not affected by us

Will be completed.

Jesus' work is already finished, but not yet completed.

The way Jesus will complete his work is by bringing justice on those who oppose his good plans for the world.
