## Discovering Contentment In Christ

Partnering Together For The Gospel

Philippians 4:14-20

**We are called to partner together for the ministry of the Gospel.**

Partnering means giving to and receiving from one another.

A healthy family is one where everyone contributes to the family. The same is true for a church.

There are benefits to partnering together in generosity.

We participate in the mission.

We benefit ourselves.

Others benefit.

We glorify God.

God will provide for us to live in this partnership.

We do not have to live with a scarcity mindset.

God does not operate based on a worldly economy.
