The Lord's prayer is a masterpiece that cannot be exhausted.

Prayer should be:

(Matthew 6:9-13)

1. Externally focused

We should be consistently praying for others.

We should be consistently praying for our world.

2. Honest

We need to recover lament as a form of prayer.

How to Lament:

Acknowledge

Request

Trust

3. Expectant

Jesus is ultimately going to do everything we ask of him in the Lord's prayer.

We do not pray hoping God will move, we pray in the hope that he will move.
