## Food, Focus, and Fire | Leviticus 6:8-7:38

**Repetition is a great tool to help us remember things like what the food, fire, and focus of Leviticus 6:8-7:38 teaches us.**

### The food

The regulations about who can eat what when and where show us God's care.

We all need to be educated in who God is and what he desires

### The fire

The fire was Yahweh's fire

The fire showed Yahweh's continued acceptance of the people's offerings and forgiveness for their sin

The fire showed Yahweh's constant presence with his people

Our prayer life is a good indicator of what we truly believe

### The focus

"The LORD spoke to Moses..." is repeated five times (Leviticus 6:8, 19, 24, 7:22, 28)

"This is the law (instruction) of..." is repeated six times (Leviticus 6:9, 14, 25, 7:1, 11, 37)

Sin defiles us and separates us from a holy God.

Sin dishonors God and renders us shameful.

Sin makes us guilty and subject to judgment.

Yahweh dealt with all of the above in Leviticus. Jesus dealt with all of the above fully and completely on the cross.

Yahweh initiates, maintains, and restores relationship with His people.

Jesus initiates, maintains, and restores relationship with His people.
