The Holy Spirit is our Savior.

He regenerates us.

Our identity apart from Jesus is someone that lives to gratify our own desires and appetites.

The Holy Spirit gives us a new identity by moving us from spiritual death into spiritual life.

He indwells us.

God's desire in salvation is to be able to dwell with human beings forever.

The Holy Spirit makes God's presence in our lives a reality.

He seals us.

The Holy Spirit's presence removes anything worthy of condemnation from our identity and status.

The Spirit guarantees that our salvation will be completed through being resurrected into God's presence forever.
