Jesus has proven Himself completely trustworthy. Therefore, we can trust His plans for our lives because His plans are:

Rooted in love.

God has a plan for your life and everything that happens is part of that plan.

The plan that God has for your life is rooted in His love for you.

Perfectly timed.

God knows the perfect time to do things in our lives that will bring about the best for us and His name.

You are not here by accident. You are perfectly timed and placed.

Guaranteed.

Nothing can threaten the plans that God has for your life.

God's plan for your life is to be with Him.

If you trust Jesus and follow Him you will always walk in the light where you will not stumble.
