

THE KING REVEALED

Seeing God's Face | Luke 9:28-36

Our faces say a lot about us.

Jesus' face reveals that He is God.

When you truly see Jesus, you will give Him the proper weight

We do not give Him the weight He is due.

We all give glory (weight) to something...What/who has your glory?

The Beatific vision

We were made to see God face to face, but we cannot.

Jesus came to provide a new "exodus" by making it possible for us to look upon God's face without being consumed.

Three applications:

Our deepest desire is actually for God Himself.

Spiritual growth means learning to see Jesus now by faith.

Worship is training your heart to give Him proper weight.
