

Our Forgotten God

Joshua 14:6-15

We find clarity in confusing times by remembering our God.

We remember God because his promises are true.

Even if people say otherwise

Even if circumstances are hard

Even when time marches on

When we remember God, our faith deepens.

Deep faith knows that God is still God, even if we don't get the answers we want

Deep faith brings stability

Deep faith realizes the restoration of all things will happen in Jesus
