

## The Trinity Is Not Long Division

John 17:1-5

Pastor Bryan Walmer

If our God is Trinity:

Love is foundational.

To glorify something means to:  
Praise and adore  
Serve and please  
All out of love

God created the world to share His infinite happiness and love.

To find happiness we need to glorify God above all else.

Humility is Natural

Part of Jesus being glorified is going to the cross.

What's supposed to be natural for us is humility and service.

Relationship is essential.

Life is meant to be lived in relationship with God and others.
