GOD'S INVITATION TO
DRAW NEAR

Combatting Sin | Leviticus 5:14-6:7

Sin is dangerous because there are times we do not know it is there.

Sin Infects.

Sin gets entry into our lives and spreads.

Ignorance is not the same as innocence.

Sin obligates.

Sin against others is sin against the Lord.

Horizontal sin in our relationships with each other affects our vertical relationship with God.

God convicts.

God brings us into deeper relationship with Him through conviction.

Ask the Holy Spirit for conviction while inviting other believers to speak into your life.

God Unites.

God does not want our worship if unresolved sin exists between us and another person.

God pays.

Sometimes repentance means going beyond "I'm sorry" to making things right.

If you have been wronged, you have to pay the cost of forgiveness.

Jesus is the guilt offering...
