

Trusting Jesus

Trusting Jesus' Results

John 11:45-54

Sometimes God's results do not add up and it is a good thing!

Sometimes following Jesus produces results we would expect.

Jesus raised Lazarus from the dead and people believed in Him.

Following Jesus in our lives can produce results like blessing and things going well for us.

Sometimes following Jesus produces results we would not expect.

Jesus raises Lazarus from the dead and people plan to kill him and Lazarus.

Following Jesus in our lives can seem to produce results like suffering and struggle that cause confusion and lack of trust.

We can trust Jesus no matter the results because:

Jesus never promised following Him guarantees certain results.

Jesus can turn even the most evil of things on their head to be used for our good.

Jesus is in complete control and will bring about the best ultimate results for us.
