The gift of success vv 1-10

God wants to give us success in our service of Him.

The success that God gifts is not always defined by results.

The danger of success vv 11-17

The danger of success is that it can point us away from God to ourselves through:

1. Pride
2. Loyalty

The solution to this danger is to direct attention away from ourselves to God.

The fragility of success vv 18-20

Success is something that is here today and gone tomorrow.

We need to place our faith and value in Jesus.
