Holiness In Action | Leviticus 19:1-8, 17-18

The New Testament often builds on a foundation or concept laid out in the Old Testament.

Holiness is a vision for life because:

Holiness is universal.

We tend to segment our lives into different sections.

Holiness affects every area and relationship in our lives.

Holiness is practical.

Holiness looks like:

Generosity

Honesty

Fairness

Love

Holiness is relational.

Holiness is based on the relationship with God that we have already been given.

Holiness builds our relationship with God.
