

YOU DON'T HAVE TO KILL SOMEONE | MATTHEW 5:21-26

God cares about more than just our actions.

> You don't have to take someone's life to treat them like their life doesn't matter.

> Anger can cause a lot of damage in our lives.

God cares about how we value people.

> We do not get to decide a person's value; God does.

> We need to see and treat everyone else as equally valuable.

God calls us to make things right.

> It is our responsibility to make things right when we wrong someone else.

> Is there someone waiting for you to apologize to them?
