## Fall Woman's Life Discussion Questions

## Message 3

Allow time to read the Scripture, support your answers from the text, and discuss how its truth should shape your lives. Ask, "What does the Scripture say that supports my answers?"

1. From Luke 23:27–31, 39–43. As the women weep, what does Jesus tell them? What did the thief who repented understand about himself and Jesus? How do these verses help us respond personally to what Jesus did for us on the cross? Though we may not have lived (outwardly) as vile as this thief, what must we understand?

2. From Luke 23:49–56. What did these women do that showed their love for Jesus? What could it look like for you to keep following Him when you are grieving, confused, or unsure of what He is doing?

3. From Luke 24:1–9. What helped the women move from being puzzled at the tomb to telling others that Jesus had risen? Why did they need to remember His words? What helps you remember and act on Scripture when your feelings are strong?

4. From John 20:11–18. How does Jesus care for Mary in her sorrow, and what does He ask her to do next? What can we learn from His kindness to her and the way she responds to Him?

5. Luke 8:1–3, 23:55–56, and 24:8–10. Look back at how these women responded to Jesus during His ministry, at His burial, and after His resurrection. How did their actions show their love? As you think about these fall Woman's Life messages, what is one way you need to trust, love, and obey the Lord this week?

Can't wait to be back with y'all for Woman's Life in late January!
