## LIFE GROUP QUESTIONS

**Key Verse:** Matthew 14:22-36 (read through individually & as a group)

1. Pastor Chris said it's good that God doesn't always reveal all the details of the storm that we're going to face. Have you ever looked back on a situation in life and been grateful that you didn't see the entire situation from the start?

2. Just because the wind is against you doesn't mean that God is not for you. Why do you think that so many Christians believe that when they are facing a storm, they must not be doing what is right?

3. Often the confirmation of the word of God in your life is the resistance of the enemy, and sometimes the resistance is the result of our own dumb decisions. Have you ever mixed these two up?

4. Peter began to sink when he stopped listening to what Jesus said to him, and began focusing on what he saw in the natural around him. Do you have difficulty during the storms of life maintaining your focus on Christ? How do you deal with this?
