

Inescapable - Do Not Keep Up With The Joneses

Jeremiah 47-49

01 Why study the fate of these ancient nations?

1. God's moral laws and moral authority are universal
2. God does NOT tolerate or is indifferent to sin anywhere at any time
3. God is over the fate of all nations, and none are out of his control
4. Nations, cultures, and individuals almost always fall from within

02 Judah's neighbors had the same problem. Sinful pride.
