

The Struggling Scribe Jeremiah 45

01 What should we remember when serving The Lord in difficult times?

02 When serving God during difficult times...

- Your Weariness does not change His Will. v.4
- Your Wants do not change His Wisdom. v.5a
- His Wrath does not cancel your Welfare. v.5b

03 *“When a person has completely given up the idea of making something of himself...then on throws oneself entirely into the arms of God, then one no longer takes seriously his own suffering, but rather the suffering of God in the world...I think that is faith...How is a person to become proud of success or to go astray at failures when one shares God’s sufferings in the life of this world.”*

-Dietrich Bonhoeffer

04 God is still calling scribes.
Men to take His Word and make it known.
