

# THIS WEEK...

## THIS WEEK'S LESSON: WHEN GOD MADE YOU

### LESSON SUMMARY:

Psalm 139 talks about how God created us all and knew who we would become, what we would look like, and what makes us all unique way before our first cry. Today's story book focuses on how we should celebrate the way God made us and how we should live confidently in His world.

### HANGING OUT:

Make this week's lesson real:

What is a gift your child has? Are they a great baker? Baseball player? Swimmer? Artist? Musician? Whatever your child loves to do, see how you can help them use this for God's glory. Maybe they can help teach another person something. Maybe they can send a picture, put on a play, or bake a treat for someone. Maybe they can be a fantastic encourager of others. Or, maybe they give the best hugs in the world and can offer them to someone who needs one. Whatever it is that your child wants to do, be their cheerleader this week and see how you can help them utilize their gift.

### AT DINNER:

Here are some great discussion starters:

-Tell your child(ren) about the first day you met them. Who was there? What did you think and feel when you saw them and held them for the first time?

-Have your child list the things THEY think make them unique and special. Follow up with affirming and helping them to see other things about them that make them unique and special in your eyes.

### AT BEDTIME:

Quiz your child on this week's memory verse:

*"This means that anyone who belongs to Christ has become a new person. The old life is gone; a new life has begun!"*  
2 Corinthians 5:17

### PARENT TIME:

What you need to know:

As adults we can look into a mirror and find things that we don't like about ourselves. Be mindful this week with how you talk about yourself and others, especially in front of your child(ren). Celebrate your God-given differences! Help your child(ren) to see their God-given differences, talents, and gifts. Celebrate them and pray about how you can help them use their uniqueness in this world.

## COMING UP...
