A Sure Foundation

“Everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. The rain came down, the streams rose, and the winds blew and beat against that house; yet it did not fall, because it had its foundation on the rock.” (Matthew 7:24-25)

Maybe it was wooden blocks, Legos, or Lincoln Logs. Whatever the construction pieces were, they taught you early on the importance of having a strong, sturdy, solid foundation for a building. Jesus taught that a strong, sturdy, solid foundation is as important for our lives as it is for the buildings we live in.

We have options when it comes to physical foundations: patio stones, cinder blocks, super spikes, concrete footings, concrete pad. With Jesus, the choice is simpler: building on the rock of Jesus’ teachings or on the sand of anything else we might choose. According to Jesus, the first is wise; the second, foolish. The first option can weather the storms of life; the second collapses.

The fact that a person’s life will be built on something is a given. The storms of life are a given. The choice of where you build is yours.

No better foundation for life exists than the teachings of Jesus.
