The Off Switch

“Six days you shall labor and do all you work, but the seventh day is a sabbath to the LORD your God. On it you shall not do any work.” (Exodus 20:9-10)

Have you ever had a machine that was hard to turn off? Maybe there was a specific process of steps and patience needed before it could actually turn off. Maybe a switch was stuck, leaving it in the “on” position. Maybe something internally was broken, preventing anything from turning it off.

Often, this is an unfortunate picture of us. Stuck in the “on” position, we run until our circuits are fried or our batteries go dead. We tell ourselves (or our spouse) that after one more e-mail, we’ll be done for the night. We convince ourselves that this phone call is important enough to step away from the family “just for a bit.” We can’t turn off.

God gave the Israelites a mandatory off switch. It was called the Sabbath. This off switch was a way they honored God, as they remembered that the world’s problems and opportunities didn’t rest on their shoulders. But it didn’t only honor God’ it was also good for them. They, unlike many of us, had a rhythm of rest and work, and a rest kept them from burning out. This week, consider taking some time to rest as a family. Do something that honors God and fills you and your family up.

God, the world doesn’t depend on me. You are in control. I don’t need to labor anxiously without rest. Help me to truly believe that this week, and to honor you through rest. Amen.
