*Hebrews 1:1-14*

**Quote of the week** — *Jesus is the very essence of God, the perfect revelation of his character and the true nature of his existence. After speaking in many and various ways, God has now completed his revelation of himself and his son: creator, eternal, radiant in his glory, whom he has set over all that exists. Every existence that ever opposed him will one day bow before him and be as a stool for his victorious feet.* — Louis H. Evans
