⇒ Your faith is growing. You're persevering and leaving a greater footprint in my name. Just stop tolerating your false prophetess and stop compromising in your morality. I'm your provider and you will have victory and authority in my name. Stay faithful.

**Discussion Questions**

- a. Have you ever been in a situation where you were asked to compromise or withhold your faith/morality in Christ?
- b. Have you or do you know anyone who has ever been asked to join some sort of group/club/organization and leave Christ out?
- c. Do you believe the judgment of "New Jezebel" and her followers is too harsh?
- d. How do you feel the sin of tolerance in this church's letter should resonate with the church today?
- e. Fun question! If Jesus appeared to you resembling some of the things you hold dear and connect with in this life, what would he look like? (For example: he'd probably appear with Gameboy in one hand, a Chicago Bulls jersey on, and bright high top shoes on his feet for me 😊)
